NOTICE OF PROPOSED RULE MAKING

Adopted: November 1, 1996; Released: November 8, 1996

Comment Date: December 30, 1996
Reply Comment Date: January 14, 1997

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Vixon Valley Broadcasting ("petitioner"), proposing the allotment of Channel 252A at Glenrock, Wyoming, as the community's first local aural transmission service. Petitioner states its intention to apply for the channel, if allotted.

2. In support of its proposal, petitioner states that Glenrock is located in Converse County (population 11,128)¹ and has a population of 2,153 persons. Petitioner asserts that the allotment of Channel 252A at Glenrock would be in the public interest since it would provide the community with its first local aural transmission service. Petitioner further asserts that the allotment would provide an outlet for local self-expression for the community. Moreover, petitioner claims that health and safety of the community would be increased due to having a local communication outlet for warning the community of emergency conditions caused by severe weather or other health hazards.

3. We believe the proposal warrants consideration since the proposed allotment of Channel 252A at Glenrock, Wyoming, could provide the community with its first local aural transmission service. An engineering analysis has determined that Channel 252A can be allotted to Glenrock in compliance with the Commission's minimum distance separation requirements at

6. Interested parties may file comments on or before December 30, 1996, and reply comments on or before January 14, 1997, and are advised to read the Appendix for the proper procedures. 7.
