In the Matter of

MCI
TELECOMMUNICATIONS
CORPORATION

File No. I-T-C-95-581

Application for authority to
acquire and operate facilities
for service to various overseas
points.

ORDER, AUTHORIZATION AND CERTIFICATE

Adopted: February 8, 1996; Released: February 26, 1996

By the Chief, Telecommunications Division:

1. Upon consideration of the above-captioned uncontested application, filed pursuant to Section 214 of the Communications Act of 1934, as amended, IT IS HEREBY CERTIFIED that the present and future public convenience and necessity require a partial grant thereof.

2. Accordingly, IT IS ORDERED that application File No. I-T-C-95-581 IS GRANTED IN PART, and MCI Telecommunications Corporation (MCI) is authorized to:

a. establish channels of communication between appropriately licensed U.S. earth stations and INTELSAT satellites, for provision of Intelsat Business Services (IBS), International Television Service and Datanet Service between the United States and the international points listed in Comsat's tariffs for the space segment of these services;

b. lease from Comsat and operate the satellite circuits specified in Appendix A, between appropriately licensed U.S. earth stations and INTELSAT Atlantic and Pacific Ocean Region satellites, connecting with similar facilities between the satellites and the overseas points listed in Appendix A, furnished by its correspondents;

c. lease from PanAmerican Satellite Corp. (PAS) and operate the satellite circuits specified in Appendix B, between appropriately licensed U.S. earth stations and the PAS-1, PAS-2 and PAS-4 satellites, connecting with similar circuits between the satellites and the overseas points listed in Appendix B, furnished by its correspondents;

d. lease from the Columbia/TDRSS International Satellite System (TDRSS) and operate the satellite circuits specified in Appendix C, between appropriately licensed U.S. earth stations and the TDRS-41 and TDRS-174 satellites, connecting with similar circuits between the satellites and the overseas points listed in Appendix C, furnished by its correspondents;

e. lease from Orion Satellite Corporation (Orion) and operate the satellite circuits specified in Appendix D, between appropriately licensed U.S. earth stations and the Orion F1 satellite, connecting with similar circuits between the satellite and the overseas points listed in Appendix D, furnished by its correspondents;

f. lease and operate any necessary domestic connecting facilities;

g. lease a one-half interest in and operate any necessary overseas connecting facilities;

h. use the facilities in b, c, d, e, f, and g, above, to provide regularly authorized services, including switched voice and data and private line services, between the United States and the points listed in the Appendices;

i. establish channels of communications between appropriately licensed U.S. earth stations and U.S. domestic satellites (also Anik satellites for service to Canada, and Mexican domestic satellites for service to Mexico), for provision of authorized transborder services between the United States and the points listed in Appendix E; and

j. establish up to 60 non-interconnected voice-grade private line circuits between appropriately licensed U.S. earth stations and the Russian satellites listed in Appendix F, for provision of authorized services between the United States and the points listed in Appendix F.

3. IT IS FURTHER ORDERED that our authorization of MCI to provide private lines as part of its authorized services is limited to the provision of such private lines only between the United States and the countries listed in the Appendices -- that is, private lines which originate in the United States and terminate in one of the countries listed in the Appendices or which originate in one of the countries listed in the Appendices and terminate in the United States. In addition, MCI may not -- and MCI's tariff must state that its customers may not -- connect private lines provided over these facilities to the public switched network at either the U.S. or foreign end, or both, for the provision of international switched basic services, unless authorized to do so by the Commission upon a finding that the destination country affords resale opportunities equivalent to those available under U.S. law, in accordance with *Regulation of International Accounting Rates, Phase II, First Report and Order*, 7 FCC Rcd 559 (1991), Order on Reconsideration and Third Further Notice of Proposed Rulemaking, 7 FCC Rcd 7927 (1992), *petition for reconsideration pending*. The limitations in this paragraph are subject to the exceptions contained in Sections 63.01(k)(6)(i) and 63.16 of the Commission's Rules, 47 C.F.R. §§63.01 and 63.16. See also *Cable & Wireless et al.*, DA 96-17, released January 16, 1996, para. 36.

4. IT IS FURTHER ORDERED that the applicant shall file copies of any operating agreements entered into with its foreign correspondents with the Commission within 30 days of their execution, and shall otherwise comply with the filing requirements contained in Section 43.51 of the Commission's Rules, 47 C.F.R. §43.51.

5. IT IS FURTHER ORDERED that the applicant shall file a tariff pursuant to Section 203 of the Communications Act, 47 U.S.C. §203 and Part 61 of the Commission's Rules, 47 C.F.R. Part 61, for the services authorized in this Order.

6. IT IS FURTHER ORDERED that the applicant shall file the annual reports of overseas telecommunications traffic required by Section 43.61 of the Commission's Rules, 47 C.F.R. §43.61.

7. IT IS FURTHER ORDERED that the applicant shall file annual circuit status reports in accordance with the requirements set forth in *Rules for Filing of International Circuit Status Reports*, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995).

8. The Commission retains jurisdiction over this matter to reallocate circuits in the satellite system among the various international common carriers and other authorized users as required to ensure nondiscriminatory use of, and equitable access to, the communications satellite system.

9. IT IS FURTHER ORDERED that the applicant shall file a separate Section 214 application for any additional circuits it seeks to operate via the PAS-1, PAS-2, PAS-4, TDRS-41, TDRS-174, Orion F1 or Russian satellites or the CANUS-1, NPC OR PTAT-1 Cable Systems.

10. IT IS FURTHER ORDERED that the number of circuits authorized herein for the provision of services via separate satellite systems is subject to limitations on the number of circuits specified under the separate systems policy and applicable consultations under Article XIV(d) of the INTELSAT Agreement.

11. IT IS FURTHER ORDERED that action on the applicants' requests to acquire Morelos and Solidaridad circuits to countries in addition to Mexico is hereby DEFERRED pending the outcome of a forthcoming Notice of Proposed Rulemaking.¹

12. This Order is issued under Section 0.261 of the Commission's Rules and is effective upon adoption. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's Rules may be filed within 30 days of the date of public notice of this Order (see Section 1.4(b)(2)).

FEDERAL COMMUNICATIONS COMMISSION
