ERRATUM

Released: November 3, 2000

By the Chief, Allocations Branch:

1. Starting at the second sentence, paragraph 4 of *The Report and Order* (DA 00-2429) in this docket released on October 27, 2000, is hereby amended to read as follows:

We note that since Eatonville, Wenatchee, Moses Lake, Spokane and Newport are within 320 kilometers (200 miles) of the U.S.-Canadian border, we have requested concurrence of the Canadian government for the allotments at those communities. Concurrence has been received for Eatonville, Moses Lake, Spokane and Newport. This allotment requires Canadian concurrence as a specially negotiated short-spaced allotment since it will be short-spaced to Channel 284C at Kelowna, British Columbia. We note that the allotment will be limited to 44kW ERP and 150m HAAT along the 0° azimuth towards Channel 284C* in Kelowna, BC. In addition, any construction permit that is granted prior to the receipt of formal concurrence of the Canadian Government will include the following condition: "Operation with the facilities specified herein is subject to modification, suspension, or termination without right to hearing if specifically objected to by Industry Canada. This condition will be removed once formal approval for the allotment is received from Industry Canada."
