File No. SAT-PDR-19991214-00131

**ERRATUM**

**Released: November 28, 2000**

1. On October 3, 2000, the Satellite and Radiocommunication Division of the International Bureau (Bureau) released an *Order* adding two satellites operated by Satelites Mexicanos, S.A. de C.V. to the "Permitted Space Station List."<sup>1</sup> This *erratum* corrects three errors in that Order.

2. The first sentence of paragraph 8 of that Order is revised to read as follows:

8. Mexico and the United States have reached a bilateral agreement that allows Mexican satellites to offer Direct-to-Home (DTH) service and Direct Broadcast Satellite (DBS) service in the United States, after those satellites have been coordinated with the United States for these services.<sup>21</sup>

3. Footnote 21 accompanying the first sentence of paragraph 8 is revised to read as follows:

<sup>21</sup> See Protocol Concerning the Transmission and Reception of Signals from Satellites for the Provision of Direct-to-Home Satellite Television Services in the United States of America and the United Mexican States, November 8, 1996. See also Televisa International, LLC, Order and Authorization, 13 FCC Rcd 10074, 10075-76 (para. 5) (Int'l Bur. 1997) (*Televisa Order*) (discussing DTH Protocol).

4. Paragraph 19 is revised to read as follows:

19. Accordingly, IT IS ORDERED that, pursuant to Sections 303(r), 308, 309, and 310 of the Communications Act of 1934, as amended, 47 U.S.C. §§ 303(r), 308, 309, 310, and Sections 25.121(a) and 25.137(c) of the Commission's rules, 47 C.F.R. §§ 25.121(a), 25.137(c), each earth station with "ALSAT" designated as a point of communication, IS GRANTED authority to provide Fixed Satellite Services (FSS), including direct-to-home service, to, from, or within the United States, by accessing the Solidaridad 2 and SatMex 5 satellites, located at the 113.0° W.L. and 116.8° W.L. orbit locations, respectively, subject to the
