Period Filings in Permit-But-Disclose Proceedings

This erratum corrects the listings of an ex parte presentation that appeared on the Public Notice released on May 15, 2001. The correction is to entries listing a presentation made on May 9, 2001. The listings appear in the Docketed Proceedings section of the Public Notice under Docket No. ET 98-206 and in the Non-Docketed Proceedings section under the related File No. 0095-EX-PL-2001. The Public Notice is corrected to read that the presentation was made by Northpoint Technology, Ltd. rather than by MDS America, Inc.
