**Report No. ROA-00002**

**Friday June 29, 2001**

## **Recognized Operating Agency**

### **RE: Application Accepted for Filing**

The application(s) listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies.

---

**ROA-NEW-20010627-00001**

**INTELSAT LLC**

New Application

Pursuant to Section 63.701 of the Commission's Rules, INTELSAT LLC (INTELSAT) seeks Recognized Operating Status (ROA) for its provision of satellite space segment to common carriers and other customers. INTELSAT seeks ROA status because it operates a geostationary-satellite-orbit, fixed satellite system capable of causing harmful interference with radio transmissions of other countries.

---

Unless otherwise specified, interested persons may file informal comments with respect to these applications within ten days of the date of this public notice. It is requested that such informal comments refer to the notification file number shown above. Copies of the applications are available for public inspection in the Reference Information Center, Court Yard Level, 445 12th Street, S.W., Washington, D.C. 20554. All applications listed are subject to further consideration, review, and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations and other requirements.

For further information concerning this matter, please contact John Copes, Telecommunications Division, International Bureau, (202) 418-1460; TTY 418-2555.
