The modification, ses-mod-20010116-00097, was granted by an Order, DA 01-2745. In this Order we grant the application filed by Motient Services, Inc. (Motient) and TMI Communications and Company, LP (TMI) to modify their authorizations for mobile earth terminals and certain fixed earth stations to permit those facilities to operate with either the U.S. licensed AMSC-1 satellite, or the Canadian licensed MSAT-1 satellite. The applications addressed by this Order and Authorization also request authority for mobile terminals to communicate with a proposed "second-generation" system. Because that system has not yet been authorized, we are dismissing that request without prejudice to its refiling in the event the satellites involved are authorized.
