FCC ANNOUNCES EFFECTIVE DATE FOR REORGANIZED BUREAUS *Initiates New FCC Reform Web Site*

Washington, DC – The FCC today announced that reorganization of several of the agency's bureaus will go into effect March 25, 2002.

As part of its reform efforts to make the FCC more effective, efficient and responsive, the Commission in January announced its approval of the reorganization of several of the agency's bureaus. Congress and the National Treasury Employees Union Local 209 also have approved the reorganization.

The bureaus affected by the reorganization are: Media Bureau (formerly the Cable Services and Mass Media Bureaus); Wireline Competition Bureau (formerly Common Carrier Bureau); Consumer and Governmental Affairs Bureau (formerly Consumer Information Bureau); International Bureau; Enforcement Bureau; Wireless Telecommunications Bureau; and Office of Legislative Affairs (formerly Office of Legislative and Intergovernmental Affairs). A list of senior managers is attached.

The Commission also announced the launch of a new web site on the FCC's reform efforts, which can be found at: http://www.fcc.gov/fcc_reform/
