Thursday June 20, 2003

POLICY BRANCH INFORMATION

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-MOD-20030507-00097 P S2160 LORAL SPACECOM CORPORATION
Modification

Loral SpaceCom Corp. has filed an application for modification of its authorization to launch and operate the Telstar 8 satellite. Loral is seeking authority to extend the construction completion and launch milestones to the Second Quarter 2004 and Third Quarter 2004, respectively.

SAT-MOD-20030528-00094 E S2418 Astrovision International, Inc.
Modification

AstroVision International, Inc. has filed a request to extend the milestones for its authorized two-satellite commercial land remote-sensing system. Specifically, AstroVision requests that the milestones for completing construction and launching its two satellites be extended for a period of 48 months from the dates specified for those milestones in the order authorizing AstroVision's system. AstroVision proposes to launch AVStar*1 by September 2007 and AVStar*2 by December 2008.
