SECOND ERRATUM

Released: September 10, 2003

1. This *Second Erratum* corrects errors in the *First Report and Order* in IB Docket No. 02-34,¹ as corrected by the *First Erratum*.² In Appendix B, Section 25.158 is corrected to read as follows:

(4) In the event that two or more mutually exclusive applications filed at the same time are granted pursuant to paragraph (d)(3) of this Section, the available bandwidth at the orbital location or locations in question will be divided equally among those licensees.

2. In Appendix B, the references to "paragraph (c)(4)" in Sections 25.158(d)(5), (6), and (7) are replaced with references to "paragraph (d)(4)."

3. In Appendix B, Section 25.164(d) is corrected to read as follows:

(d) Licensees of all satellite systems, other than DBS and DARS satellite systems, licensed on or after **[insert effective date of rule]**, will be required to submit information to the Commission sufficient to demonstrate that the licensee has completed the critical design review of the licensed satellite system on or before the date scheduled for such completion.

¹ Amendment of the Commission's Space Station Licensing Rules and Policies, *First Report and Order and Further Notice of Proposed Rulemaking*, IB Docket No. 02-34, 18 FCC Rcd 10760 (2003) (*First Space Station Reform Order*).

² Amendment of the Commission's Space Station Licensing Rules and Policies, Erratum, IB Docket No. 02-34, DA 03-2087 (released June 26, 2003) (*First Erratum*).

4. In Appendix B, Section 25.164(e) is corrected to read as follows:

(e) Licensees of all satellite systems, other than DBS and DARS satellite systems, licensed on or after **[insert effective date of rule]**, will be required to submit information to the Commission sufficient to demonstrate that the licensee has commenced physical construction of its licensed spacecraft on or before the date scheduled for such commencement.
