Report No. SES-00537

Wednesday October 1, 2003

SATELLITE COMMUNICATIONS SERVICES

RE: SATELLITE RADIO APPLICATIONS ACCEPTED FOR FILING

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

SES-AMD-20030912-01298 E E980285 DIRECTV Enterprises, LLC

Amendment

Class of Station: Fixed Earth Stations

Nature of Service: Feeder Link for DBS in Fixed Satellite Service, Fixed Satellite Service

This application amends and supercedes application SES-MOD-20030624-00896, which requests modification of FSS license for call sign E980285. This amendment requests the addition of a new emission designator to the original modification request. The original application to modify E980285 requested the deletion one antenna and the operation the remaining antenna at DBS frequencies (17/12 GHz). As a result of this modification, E980285 will be a single antenna licensed for BSS operation. The services to be provided by this facility include telemetry, command and ranging.
