**ERRATUM**

**Adopted: July 7, 2004**

**Released: July 8, 2004**

By the Chief, Office of Engineering and Technology:

1. On November 13, 2002, the Commission released a *Report and Order*, FCC 02-298, in the above captioned proceeding. In the *Report and Order*, the Commission inadvertently modified Section 73.3598 of its rules. This erratum corrects this error:

2. Section 73.3598 of Appendix A is corrected to read as follows:

Section 73.3598 is amended by revising paragraph (a) to read as follows:

**§ 73.3598 Period of construction.**

(a) Each original construction permit for the construction of a new TV, AM, FM or International Broadcast; low power TV; TV translator; TV booster; FM translator; or FM booster station, or to make changes in such existing stations, shall specify a period of three years from the date of issuance of the original construction permit within which construction shall be completed and application for license filed. Each original construction permit for the construction of a new LPFM station shall specify a period of eighteen months from the date of issuance of the construction permit within which construction shall be completed and application for license filed.
