WHAT YOU OWE – COMMERCIAL WIRELESS SERVICES FOR FY 2004

This *Fact Sheet* pertains to holders of licenses in the following commercial wireless services: multipoint distribution service (MDS), multichannel multipoint distribution service (MMDS), local multipoint distribution service (LMDS), and commercial mobile radio service (CMRS).

CMRS licensees include: specialized mobile radio services (Part 90); public coast stations (Part 80); public mobile radio, cellular, 800 MHz air-ground radiotelephone, and offshore radio services (Part 22); and PCS broadband services (Part 24). The CMRS messaging services category includes all one-way (Parts 22 and 90), two-way paging, qualifying interconnected business radio services, 220-222 MHz land mobile systems (Part 90), PCS narrowband services (Part 24) (e.g. one-way and two-way paging), and all SMR systems authorized for operation with less than 10 MHz bandwidth (Part 90). This *Fact Sheet* also pertains to multipoint distribution services (MDS) including multichannel MDS (MMDS) and local MDS (LMDS). All other private wireless regulatory fees that are not noted here are paid in advance for the full license term and are submitted along with the appropriate application fee.

CMRS Service Providers

Who Must Pay: CMRS cellular providers, CMRS mobile service licensees, and CMRS messaging licensees (including gory includes all one-way (Parts 22 and 90), two-way paging, qualifying interconnected business radio services, 220-222 MHz land mobile systems (Part 90), PCS narrowband services (e.g. one-way and two-way paging), and all SMR systems authorized for operation with less than 10 MHz bandwidth) as detailed at the beginning of this Attachment. The assessed CMRS regulatory fee is based upon the nature of authorization (e.g. license) held as of October 1, 2003. CMRS licensees who did not begin providing services prior to October 1, 2003 are not required to pay regulatory fees this year. However, in instances where a service license or authorization is transferred or assigned after October 1, 2003, the fee must be paid by the party that is the licensee or holder of the authorization on the date that the fee payment is due.

Fee Requirement: CMRS fees are assessed on the number of telephone numbers or unit counts, as stated in the table below. If you received a letter from the FCC regarding your CMRS cellular or mobile subscriber count, you should use the subscriber count identified on the second letter. All other CMRS cellular and mobile licensees who did not receive a letter from the FCC should use the number of telephone numbers or units as of December 31, 2003. CMRS Messaging (Paging) licensees were not sent a letter from the FCC, and should therefore use the number of

telephone numbers or units as of December 31, 2003 as their subscriber count.
