## **STREAMLINED INTERNATIONAL APPLICATIONS ACCEPTED FOR FILING**

### **SECTION 214 APPLICATIONS (47 C.F.R. § 63.18); CABLE LANDING LICENSE APPLICATIONS (47 C.F.R. § 1.767) REQUESTS TO AUTHORIZE SWITCHED SERVICES OVER PRIVATE LINES (47 C.F.R. § 63.16); SECTION 310(B)(4) REQUESTS**

Unless otherwise specified, the following procedures apply to the applications listed below:

The international Section 214 applications listed below have been found, upon initial review, to be acceptable for filing and subject to the streamlined processing procedures set forth in Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12. These applications are for authority under Section 214 of the Communications Act, 47 U.S.C. § 214, (a) to transfer control of an authorized carrier or to assign a carrier's existing authorization; and/or (b) to become a facilities-based international common carrier; and/or (c) to become a resale-based international common carrier.

Pursuant to Section 63.12 of the rules, these Section 214 applications will be granted 14 days after the date of this public notice (see 47 C.F.R. § 1.4 regarding computation of time), and the applicant may commence operations on the 15th day, unless the Commission has informed the applicant in writing, within 14 days after the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing.

Communications between outside parties and Commission staff concerning these applications are permitted subject to the Commission's rules for "permit-but-disclose proceedings." See 47 C.F.R. § 1.1206. An application can be removed from streamlined processing only in the sound discretion of Commission staff. The filing of comments or a petition to deny will not necessarily result in an application being deemed ineligible for streamlined processing.

The petitions for declaratory ruling listed below are (1) for authority under Section 310(b)(4) of the Communications Act, 47 U.S.C. § 310(b)(4), to exceed the 25 percent foreign ownership benchmark applicable to common carrier radio licensees, or (2) under Section 63.16 of the rules, to add a foreign market to the list of markets for which carriers may provide switched services over private lines. The requested rulings will be granted 14 days after the date of this public notice, effective the next day, unless the application is formally opposed or the Commission has informed the applicant in writing, within 14 days of the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing. For this purpose, a formal opposition shall be sufficient only if it is received by the Commission and by the applicant within 14 days of the date of this public notice and its caption and text make it unmistakably clear that it is intended to be a formal opposition.

Copies of all applications listed here are available for public inspection in the FCC Office of Public Affairs Reference and Information Center, located in room CY-A257 at the Portals 2 building, 445 12th Street SW, Washington DC 20554. The center can be contacted at (202) 418-0270. All applications listed are subject to further consideration and review, and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

We request that comments on any of these applications refer to the application file number shown below.

Network Telephone Corporation

Transfer of Control

**Current Licensee:** Network Telephone Corporation

**FROM:** NT Corporation

**TO:** NT Corporation

Application for consent to transfer control of international section 214 authorization, File No. ITC-214-19981228-00911, held by Network Telephone Corporation, a wholly-owned subsidiary of NT Corporation ("NT"), from the shareholders of NT's common stock to the shareholders of its preferred stock.

**ITC-T/C-20041001-00387** E

Florida Digital Network, Inc.

Transfer of Control

**Current Licensee:** Florida Digital Network, Inc.

**FROM:** Florida Digital Network, Inc.

**TO:** ITC^DeltaCom, Inc.

Application for consent to transfer control of the international section 214 authorizations held by Florida Digital Network, Inc. ("FDN"), File Nos. ITC-87-094, ITC-214-19980605-00387 (formerly, ITC-98-443), and ITC-ASG-20030127-00036, from its current shareholders to ITC DeltaCom, Inc. An operating subsidiary of FDN, Southern Digital Network, Inc., also provides international telecommunications services, under FDN's section 214 authorizations. Pursuant to a September 8, 2004, agreement and plan of merger ("Merger Agreement") between ITCD and FDN, ITCD has agreed to acquire all of the outstanding shares of FDN capital stock in exchange for newly-issued shares of ITCD common stock. As a result of this transaction, FDN will become a wholly-owned direct subsidiary of ITCD.

Currently, Welsh, Carson, Anderson & Stowe VIII, L.P., WCAS Capital Partners III, L.P., and WCAS Information Partners, L.P. (collectively, "Welsh Carson") together hold over 50 percent of the voting power represented by the outstanding shares of ITCD's common and preferred stock. Consummation of the Merger Agreement will have the effect of diluting Welsh Carson's ownership interest in ITCD, causing it to decline to below 50 percent. ITCD therefore has also filed applications seeking authority for the transfer of control of section 214 authorizations held by ITCD's three operating subsidiaries from Welsh Carson to a wide range of ITCD shareholders. See File Nos. ITC-T/C-20041001-00388, ITC-T/C-20041001-00389, and ITC-T/C-20041001-00390. After the transaction, no ITCD shareholder, either individually or together with related shareholders, will hold a 50 percent or greater voting ownership interest in, or have de facto control over, ITCD.
