MVS de Juarez, S.A. de C.V.

Granted with conditions MVS de Juarez, S.A. de C.V. (MVS) application, File No. 325-STA-2005330-00007, for Special Temporary Authority to deliver spanish language programming to Mexican radio station XHPX-FM, Chihuahua, Mexico for the period from April 11 through and including May 5, 2005 to allow participation in an event known as the "XHEXA Party." MVS indicates that XHPX-FM, 98.3 MHz operates with a power of 29.6 kW, a height above average terrain of -41 meters, and the call sign XHEXA-FM.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico FM Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as they have been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.

Grant of this permit to MVS is also conditioned upon the Mexican station's operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This action is taken without prejudice to future action on the pending related application for a 325 (c) permit to deliver programs to Mexican station XHPX-FM (XHEXA-FM) (File No. 325-NEW-20050322-00005).
