**STREAMLINED INTERNATIONAL APPLICATIONS ACCEPTED FOR FILING  
SECTION 214 APPLICATIONS (47 C.F.R. § 63.18); SECTION 310(B)(4) REQUESTS**

Unless otherwise specified, the following procedures apply to the applications listed below:

The international Section 214 applications listed below have been found, upon initial review, to be acceptable for filing and subject to the streamlined processing procedures set forth in Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12. These applications are for authority under Section 214 of the Communications Act, 47 U.S.C. § 214, (a) to transfer control of an authorized carrier or to assign a carrier's existing authorization; and/or (b) to become a facilities-based international common carrier; and/or (c) to become a resale-based international common carrier.

Pursuant to Section 63.12 of the rules, these Section 214 applications will be granted 14 days after the date of this public notice (see 47 C.F.R. § 1.4 regarding computation of time), and the applicant may commence operations on the 15th day, unless the Commission has informed the applicant in writing, within 14 days after the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing.

Communications between outside parties and Commission staff concerning these applications are permitted subject to the Commission's rules for "permit-but-disclose proceedings." See 47 C.F.R. § 1.1206. An application can be removed from streamlined processing only in the sound discretion of Commission staff. The filing of comments or a petition to deny will not necessarily result in an application being deemed ineligible for streamlined processing.

The petitions for declaratory ruling listed below are for authority under Section 310(b)(4) of the Communications Act, 47 U.S.C. § 310(b)(4), to exceed the 25 percent foreign ownership benchmark applicable to common carrier radio licensees. The requested rulings will be granted 14 days after the date of this public notice, effective the next day, unless the application is formally opposed or the Commission has informed the applicant in writing, within 14 days of the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing. For this purpose, a formal opposition shall be sufficient only if it is received by the Commission and by the applicant within 14 days of the date of this public notice and its caption and text make it unmistakably clear that it is intended to be a formal opposition.

Copies of all applications listed here are available for public inspection in the FCC Office of Public Affairs Reference and Information Center, located in room CY-A257 at the Portals 2 building, 445 12th Street SW, Washington DC 20554. Advanced Tel-Com Systems, L.P.

Transfer of Control

**Current Licensee:** Advanced Tel-Com Systems, L.P.

**FROM:** Valor Communications Group, Inc.

**TO:** New Valor

Application for consent to transfer control of the international Section 214 authorization, ITC-214-19981110-00835, held by Advanced Tel-Com Systems, L.P. (ATS), from the current stockholders of its parent, Valor Communications Group, Inc. (Valor), to the post-merger stockholders of New Valor (New Valor), a company that, following a merger between Valor and ALLTEL Holding Corporation (AHC), will consist of current subsidiaries of Valor and ALLTEL Corporation (ALLTEL), AHC's parent. New Valor will be the same corporate entity as Valor, but likely with a new name as the surviving entity of the merger transaction. Valor is a publicly traded company that holds direct and indirect interests in carriers providing a number of telecommunications services, including local exchange and long distance services and AHC is a newly formed, wholly-owned subsidiary of ALLTEL. As a result of the merger, which will involve the issuance of approximately 400 million new shares of Valor stock, current ALLTEL stockholders will hold 85 percent of New Valor common stock and pre-merger stockholders of Valor will hold 15 percent of New Valor common stock. The overall transaction will also result in New Valor acquiring 100 percent ownership of ALLTEL subsidiaries (to be contributed pre-merger by ALLTEL to AHC) that conduct ALLTEL's wireline businesses and other businesses including directory publishing operations, information services, product distribution operations and management services (other than such operations that support ALLTEL's wireless telecommunications business). ALLTEL subsidiaries providing wireless telecommunications services will not become subsidiaries of New Valor.
