Report No. SAT-00354

Friday April 14, 2006

POLICY BRANCH INFORMATION

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-MOD-20060410-00041 E S2180 SES Americom, Inc.
Date Filed: 04/10/2006 17:43:50:08300
Modification

SES Americom, Inc. (SES Americom) requests a modification of its authorization for its AMC-15 hybrid Ka/Ku-band satellite currently operating at the 105° W.L. orbital location in the 11.7-12.2 GHz, 14.0-14.5 GHz, 18.6-18.8 GHz, 19.7-20.2 GHz, 28.4-28.6 GHz, and 29.5-30.0 GHz frequency bands to relocate the satellite to the 105.05° W.L. orbital location. SES Americom seeks this modification in order to simplify stationkeeping at this location.

SAT-PPL-20060330-00035 E S2696 SES Satellites (Gibraltar) Limited
Date Filed: 03/30/2006 17:55:58:73600
Petition for Declaratory Ruling to be Added to the Permitted List

SES Satellites (Gibraltar) Ltd. (SES Gibraltar) has filed a petition for a declaratory ruling to place the Satcom C-4 satellite on the Permitted Space Station List (Permitted List) once it is transferred to the jurisdiction of Gibraltar. This will allow Satcom C-4 to provide new C-band fixed satellite-service to the United States from the nominal 105° W.L. orbital location. SES Americom, Inc. (SES Americom), the corporate parent of SES Gibraltar, currently operates the Satcom C-4 space station as an in-orbit spare at the 85° W.L. orbital location. SES Gibraltar has received authority from the Gibraltar Regulatory Authority to operate Satcom C-4 at the nominal 105° W.L. orbital location.

In connection with SES Gibraltar's petition, SES Americom has requested special temporary authority from the Commission to drift Satcom C-4 to the 103.1° W.L. orbital location to prepare for the requested new service, and has requested separate special temporary authority to drift Satcom C-4 from the 103.1° W.L. orbital location to its operating destination at the 104.95° W.L. orbital location. IBFS File Nos. SAT-STA-20060302-00018; SAT-STA-20060330-00034. SES Americom has also filed an application to change the orbital location of its AMC-15 space station from 105° W.L. to 105.05° W.L. to simplify station-keeping between AMC-15 and Satcom C-4 at the nominal 105° W.L. orbital location. IBFS File No. SAT-MOD-20060410-00041.

SAT-STA-20060330-00034 E

SES Americom, Inc.

Date Filed: 03/30/2006 17:50:18:82300

Special Temporary Authority

SES Americom, Inc. (SES Americom) has filed a request for special temporary authority for a period of up to 60 days to conduct Telemetry, Tracking and Command operations during the relocation of its C-band Satcom C-4 satellite to the 104.95° W.L. orbital location.

In a separate but related application, SES Satellites Gibraltar has filed a petition for a declaratory ruling to place the Satcom C-4 satellite on the Permitted Space Station List at the 104.95° W.L. orbital location. IBFS File No. SAT-PPL-20060330-00035. This request for special temporary authority by SES Americom will relocate the Satcom C-4 space station in preparation for the operating authority requested by SES Satellites Gibraltar.
