**STREAMLINED INTERNATIONAL APPLICATIONS ACCEPTED FOR FILING
SECTION 214 APPLICATIONS (47 C.F.R. § 63.18); SECTION 310(B)(4) REQUESTS**

Unless otherwise specified, the following procedures apply to the applications listed below:

The international Section 214 applications listed below have been found, upon initial review, to be acceptable for filing and subject to the streamlined processing procedures set forth in Section 63.12 of the Commission's rules, 47 C.F.R. § 63.12. These applications are for authority under Section 214 of the Communications Act, 47 U.S.C. § 214, (a) to transfer control of an authorized carrier or to assign a carrier's existing authorization; and/or (b) to become a facilities-based international common carrier; and/or (c) to become a resale-based international common carrier.

Pursuant to Section 63.12 of the rules, these Section 214 applications will be granted 14 days after the date of this public notice (see 47 C.F.R. § 1.4 regarding computation of time), and the applicant may commence operations on the 15th day, unless the Commission has informed the applicant in writing, within 14 days after the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing.

Communications between outside parties and Commission staff concerning these applications are permitted subject to the Commission's rules for "permit-but-disclose proceedings." See 47 C.F.R. § 1.1206. An application can be removed from streamlined processing only in the sound discretion of Commission staff. The filing of comments or a petition to deny will not necessarily result in an application being deemed ineligible for streamlined processing.

The petitions for declaratory ruling listed below are for authority under Section 310(b)(4) of the Communications Act, 47 U.S.C. § 310(b)(4), to exceed the 25 percent foreign ownership benchmark applicable to common carrier radio licensees. The requested rulings will be granted 14 days after the date of this public notice, effective the next day, unless the application is formally opposed or the Commission has informed the applicant in writing, within 14 days of the date of this public notice, that the application, on further examination, has been deemed ineligible for streamlined processing. For this purpose, a formal opposition shall be sufficient only if it is received by the Commission and by the applicant within 14 days of the date of this public notice and its caption and text make it unmistakably clear that it is intended to be a formal opposition.

Copies of all applications listed here are available for public inspection in the FCC Office of Public Affairs Reference and Information Center, located in room CY-A257 at the Portals 2 building, 445 12th Street SW, Washington DC 20554. Transfer of Control

Current Licensee: Iowa Wireless Services Holding Corporation

FROM: INS Wireless, Inc.

TO: VoiceStream PCS I Iowa Corporation

Application for consent to transfer control of international section 214 authorization, ITC-214-20020513-00251, held by Iowa Wireless Services Holding Corporation (Iowa Wireless), a Delaware corporation, from INS Wireless, Inc. (INSW), to VoiceStream PCS I Iowa Corporation (VoiceStream PCS), a wholly-owned subsidiary of T-Mobile USA, Inc. (T-Mobile). The contemplated transaction is in connection with the repayment by Iowa Wireless Services, LLC (IWS-LLC), the 100% corporate parent of Iowa Wireless, of certain convertible promissory notes issued by IWS LLC to certain lenders under a Credit Agreement dated February 11, 2004. Pursuant to a Limited Liability Company Agreement dated July 1, 2004, as amended, as of June 23, 2006, INSW holds 50.1% of the "units of membership" interest (Units) in IWS-LLC, and VoiceStream PCS holds 49.9% of the Units. Upon consummation, INSW's interest will be reduced to approximately 46.40% of the Units and VoiceStream PCS's interest will increase to approximately 53.60% of the Units, resulting in the transfer of control of Iowa Wireless from INSW to VoiceStream PCS.

Deutsche Telekom (DT), a corporation in Germany, indirectly holds 100% ownership interest in T-Mobile, and in turn VoiceStream PCS. The following two entities hold 10 percent or greater interest in DT: Federal Republic of Germany, governmental entity in Germany, holds 14.62% direct interest, and Kreditanstalt fur Wiederaufbau, a bank controlled by the German government, holds 16.63% direct interest. No other individual or entity holds 10 percent or greater interest in DT.

Iowa Wireless agrees to be classified as dominant on the U.S.-Croatia, U.S.-Germany, U.S.-Hungary, U.S.-Macedonia, and U.S.-Slovakia routes, and agrees to comply with the dominant carrier safeguards set forth in Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, for these five routes. Iowa Wireless will relinquish its existing authority to serve the U.S.-Montenegro route upon consummation of the proposed transaction.

Iowa Wireless further requests that the Commission condition grant of this application on compliance with the provisions of a January 12, 2001 agreement between DT and the Department of Justice and the Federal Bureau of Investigation (citing Iowa Wireless Services Holding Corp., et al., IB Docket No. 00-187, FCC 01-142, 16 FCC Rcd 9779, 9853-76 (2001)).
