ERRATUM

Released: July 9, 2007

By the Chief, Wireline Competition Bureau:

On July 2, 2007, the Wireline Competition Bureau released an Order, DA 07-2922, in the above-captioned proceeding. This Erratum corrects that Order as indicated below:

1. In paragraph 6, third sentence, we replace "we find that the additional functionalities offered by Radiant" with "we find that many of the additional functionalities offered by Radiant".
2. In footnote 28, we replace "*See supra* n.24." with "*See supra* n.24. We also note that certain of the additional functionalities offered by Radiant appear to be information services, but for the reasons previously explained by the Commission, we do not find that such functionalities transform Radiant's offering from a telecommunications service to an information service. *See, e.g., Regulation of Prepaid Calling Card Services*, WC Docket No. 05-38, Declaratory Ruling and Report and Order, 21 FCC Rcd 7290 (2006). To the extent that Radiant has isolated the revenues associated with its information services, it is not required to contribute to universal service based on those revenues. *See, e.g., id.* at para. 22."
