INFORMATIVE

SES-MFS-20071107-01535 E010011 Deere & Company

INFORMATIVE

On November 16, 2007, the Satellite Division granted the request of Deere & Company (Deere) to designate its earth station application that seeks authority to provide Mobile Satellite Services in the L-band with Inmarsat's 3F4 satellite, which is located at 142° W.L., as "permit-but-disclose" for purposes of the Commission's rules governing ex parte communications. See Motion to Designate Proceeding as "Permit-But-Disclose," filed by Deere & Company, on November 9, 2007. We find that designating this Deere earth station application as "permit-but-disclose" will facilitate resolution of the complex policy issues raised by the application. Thus, we designate the above-captioned earth station application as "permit-but-disclose," effective November 16, 2007. See 47 C.F.R. §§ 1.1200(a), 1.1206 and 1.1208 note 2. This action is without prejudice to any determination regarding the processing of the application.
