**Report No. SAT-00540**

**Friday July 25, 2008**

## POLICY BRANCH INFORMATION

### Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

---

**SAT-MOD-20080630-00133**    E S2422    PanAmSat Licensee Corp.  
Date Filed: 06/30/2008 15:56:35:10000  
Modification

PanAmSat Licensee Corp. (PanAmSat) has filed an application to modify the authorized location of the Galaxy 12 satellite from 125.10° W.L. to 122.9° W.L. and to conduct Telemetry, Tracking, and Control and Monitoring operations at 122.9° W.L. using the 6424.5 MHz (horizontal/right-hand-circular polarization) for command; and 4198.0 MHz (vertical/left-hand-circular polarization) and 4199.875 MHz (vertical/left-hand-circular polarization) for telemetry, and to allow Galaxy 12 to operate as an in-orbit spare at the new location. PanAmSat requests a waiver of Section 25.283(c), 47 C.F.R. 25.283(c), which specifies that space stations must discharge all stored energy sources at end-of-life of the space station. This modification application was not appropriate for the streamlined procedure for fleet management maneuvers specified in Section 25.118(e) of the Commission's rules, 47 C.F.R. §25.118(e). See Public Notice, Report No. SAT-00538, Policy Branch Information, Actions Taken, Informative (July 11, 2008).
