COMMISSIONER JONATHAN S. ADELSTEIN TO VISIT PUERTO RICO FOR DTV OUTREACH

Washington, D.C. -- FCC Commissioner Jonathan Adelstein announced he will visit Puerto Rico on December 15th and 16th to hold a public town hall meeting on the digital television (DTV) transition.

WHO: FCC Commissioner Jonathan Adelstein
WHAT: Public Town Halls on the DTV Transition

WHEN: December 15, 10:00AM to 12:00PM
WHERE: Interamerican University School of Law
Urb. Industrial, Federico Costa Street #170
Hato Rey, Puerto Rico

The FCC identified target television markets for specific DTV outreach, including all those markets in which more than 100,000 households or at least 15% of the households rely solely on over-the-air (OTA) signals for television reception. The five FCC Commissioners and senior Commission staff will visit these and other markets to raise awareness and educate consumers in the days leading up to the DTV transition on February 17, 2009. With more than half of all television households relying on OTA reception, Puerto Rico is one of the most OTA-reliant markets in the United States.

Reasonable accommodations for people with disabilities are available upon request. Include a description of the accommodation you will need with as much detail as possible. Also include a way we can contact you if we need more information. Please provide as much advance notice as possible; last minute requests will be accepted, but may be impossible to fill.
