Report No. SAT-00573

Friday January 16, 2009

POLICY BRANCH INFORMATION

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-PPL-20081205-00225 E S2784 Star One S.A.
Date Filed: 12/05/2008 23:33:56:15600
Petition for Declaratory Ruling to be Added to the Permitted List

On December 5, 2008, Star One S.A. filed a request in which it asks to modify the Declaratory Ruling that added the Star One C5 satellite (Call Sign S2742) at 68° W.L. to the Permitted Space Station List (IBFS File No. SAT-PPL-20071113-00159) in order to substitute the technical characteristics of the Star One B1 satellite (Call Sign S2784) currently operating at 68° W.L. for the Star One C5 and to request confirmation that such substitution, if granted, would satisfy all applicable milestone and bond requirements for the Star One C5 satellite. Star One also requests an extension, if necessary, of the Star One C5 contract execution milestone until 14 days after the Commission rules on the December 5, 2008, request. In addition to the existing waivers authorized for Star One C5, Star One requests waiver of Section 25.210(j) to operate the Star One B1 satellite with an east-west station-keeping tolerance of +/- 0.10 degrees.

SAT-STA-20081205-00222 E Sirius XM Radio Inc.
Date Filed: 12/05/2008 13:25:36:11600
Special Temporary Authority

Sirius XM Radio Inc. requests special temporary authority to operate very low power terrestrial repeaters (less than 10 watts EIRP) and signal boosters (less than 0.0001 watts EIRP) within the 2320-2345 MHz frequency band at various venues, locations, and dates that cannot yet be identified for a period of 180 days, pursuant to the technical parameters listed in Exhibit A to its application.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
