

Consumer Advisory Committee
Recommendation Regarding Broadband and Universal Service

The Consumer Advisory Committee recommends that the Federal Communications Commission adopt the recommendation of the Federal-State Joint Board for Universal Service that the current definition of services supported by the federal Universal Service Fund be expanded to include high-speed, broadband Internet access.

Adopted June 27, 2008
(13 members in favor; 0 members opposed; 7 members abstaining)

Debra Berlyn, Chairperson
Consumer Advisory Committee
