Report No. 325-00137

Friday July 17, 2009

## PERMIT TO DELIVER PROGRAMS TO FOREIGN BROADCAST STATIONS

### RE: ACTIONS TAKEN

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective dates of the actions are the dates specified.

#### INFORMATIVE

325-NEW-20090514-00001

UNIRADIO CORP.

GRANTED

Granted on July 17, 2009, subject to conditions, application for 325 (c) permit to deliver Spanish language programming to station XEMO-AM, Tijuana, Mexico licensed to Uniradio Corporation (Uniradio). The station operates on 860 kW with an authorized power of 10.0 kW daytime and 7.5 kW night-time.

Grant of this permit is furthered conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico AM Expanded Band Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.

For more information concerning this Notice, contact Janice Shields at (202) 418-2153; [Janice.Shields@fcc.gov](mailto:Janice.Shields@fcc.gov); TTY 202-418-2555.
