Report No. SAT-00633

Friday September 18, 2009

POLICY BRANCH INFORMATION Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-MOD-20090813-00088 E AMSC-1 SkyTerra Subsidiary LLC
Date Filed: 08/13/2009 15:37:34:71600
Modification

SkyTerra Subsidiary LLC requests modification of its license for operation of the AMSC-1 space station and operation of ATC stations in the United States in spectrum in the 1.5/1.6 GHz MSS bands coordinated for MSS operation via AMSC-1. The requested modification would add authority for MSS and ATC operation in frequencies that are currently assigned internationally to two Mexican-licensed satellites, subject to a condition that SkyTerra's operation in the additional frequencies shall not cause harmful interference to operation of the Mexican satellite systems. SkyTerra requests waiver of Section 25.149(a)(2)(ii) and (b)(5)(iii), which state that ATC operation in the 1.5/1.6 GHz MSS bands shall be restricted to frequencies that have been internationally coordinated for the licensee's MSS system.

EchoStar Corporation

Date Filed: 08/21/2009 13:35:23:76300

Special Temporary Authority

On August 21, 2009, EchoStar Corporation filed a request for a 180-day extension of special temporary authority to operate Direct Broadcast Satellite service over channels 23 and 24 at the 61.5° W.L. orbital location. EchoStar requests that the extension be granted subject to the same temporary suspension of customer notification and programming conditions that the International Bureau first approved on February 2, 2007, and extended on April 4, 2007, October 2, 2007, April 4, 2008, November 7, 2008, and May 28, 2009.
