Report No. SES-01180

Wednesday October 7, 2009

SATELLITE COMMUNICATIONS SERVICES

RE: SATELLITE RADIO APPLICATIONS ACCEPTED FOR FILING

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

Modification

Class of Station: Fixed Earth Stations

Nature of Service: Fixed Satellite Service

MTN License Corp. (MTN) requests modification of its Ku-band fixed-satellite service earth station operated under Call Sign E070218 to add three new 6.1 meter antennas. The proposed new antennas (designated HOM-E61-2, HOM-E61-3 and HOM-E61-4) are the same model as the existing 6.1 meter antenna (which is designated herein as HOM-E61-1) currently authorized, and like the existing antenna, will transmit and receive in the conventional Ku-band. In addition, MTN also requests authority for all four antennas to transmit in the extended Ku-band using the 13.8-14.0 GHz frequencies. All extended Ku-band transmissions will communicate with Estrela do Sul 1 (Telstar 14), located in the 63° W.L. orbital slot, or Telstar 11N, located in the 37.55° W.L. orbital slot.

Application for Modification

Class of Station: Temporary Fixed Earth Station

Nature of Service: Fixed Satellite Service

"MOD" to add new emission designator and related service, to replace antenna, to change points of communication and authorization for facilities for which environmental assessment and radiation hazard reporting is required.

Application for Modification

Class of Station: Temporary Fixed Earth Station

Nature of Service: Fixed Satellite Service

Intelsat LLC requests a modification of its current earth station license, in order to change from a fixed transmit and receive license to a temporary-fixed, and to add new emissions and corresponding new points of communications.
