INFORMATIVE

325-STA-20061031-00008

NBC TELEMUNDO LICENSE CO.

Granted with conditions on November 3, 2009, the application for permit to deliver programming to NBC Telemundo License Co. ("LicenseCo"), which is the licensee of multiple U.S. full-power television stations affiliated with the Telemundo Broadcast network (the "Telemundo Network"), under common control with the Telemundo Network, request for Special Temporary Authority (STA) to deliver program material from the Telemundo Network to Mexican Television Broadcast Station XHAS (TV)-Ch 33, Tijuana, Baja California, Mexico (the "Station"). Grant of this application will allow the Telemundo Network to maintain its coverage in the San-Diego-Tijuana area and serve the needs of the Hispanic community.

This grant is effective November 3, 2009 for the period during which the Commission is processing NBC Telemundo's License Co. ("LicenseCO") application for regular authority or 180 days, whichever comes first.

Grant of this STA Permit is further conditioned upon the Mexican station's operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1962 United States-Mexico VHF Television Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right or hearing.
