

OFFICE OF  
THE CHAIRMAN

FEDERAL COMMUNICATIONS COMMISSION  
WASHINGTON

November 17, 2009

The Honorable George Radanovich  
U.S. House of Representatives  
2410 Rayburn House Office Building  
Washington, D.C. 20515

Dear Congressman Radanovich:

Thank for your letter regarding the Commission's review of a petition submitted by CTIA – The Wireless Association seeking clarification on the time periods in which a state or locality should act on wireless facility siting requests.

I am pleased to report that at the November 18th Open Meeting, the Commission is scheduled to consider a Memorandum Opinion and Order that will address CTIA's petition. Like you, I consider wireless technology to be an effective tool in the expansion of broadband availability. My intention in this proceeding is to promote the deployment of wireless broadband services by reducing delays in the construction and improvement of wireless networks, while also preserving local zoning authority.

We will notify your staff on the Commission's action following our meeting. I appreciate the opportunity to learn your thoughts about this matter. Please let me know if you have any additional questions or concerns.

Sincerely,
