## **FCC RELEASES 2008 INTERNATIONAL TRAFFIC DATA**

Washington, D.C. - The Federal Communications Commission (FCC) today released an annual report entitled *2008 International Telecommunications Data* regarding international message telephone, private line and miscellaneous services between the United States and other countries.

### Statistical Findings

- International U.S.-billed facilities-based and facilities-resale traffic together increased from 70.0 billion minutes in 2007 to 74.9 billion minutes in 2008. For purposes of categorizing traffic, a facilities-based carrier provides service using its own international transmission facilities, while a facilities-resale carrier provides service utilizing international circuits leased from other reporting international carriers.
- Collectively, U.S.-billed minutes increased 7.0%.
- U.S.-billed revenues for international telephone, private line and other miscellaneous services increased collectively 0.5%, from \$7.2 billion in 2007 to \$7.3 billion in 2008.
