Re: Applications of Comcast Corporation, General Electric Company and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of Licensees, MB Docket No. 10-56

Dear Messrs. Tramont, Satten, Solomon and Ms. Roisman:

Enclosed are several revisions to the Instructions that were appended to our May 21, 2010, Information and Document Requests in the above-noted proceeding. The revisions take account of the Commission's recently installed software which will speed our review of your submissions. In particular, the revisions are designed to ensure that your submissions to Commission staff will be technically compatible and organized and processed in a manner that will facilitate our review. The revised instructions are enclosed herewith, with the revised language in bold.

The revised instructions enclosed herewith should not be interpreted to supersede any instructions established by Public Notice relating to submissions to the FCC Secretary's Office or to Best Copy and Printing, Inc. For any responses that contain confidential or proprietary information, please follow the instructions in the Protective Orders, except that the filing in electronic form will replace the two additional unredacted hard copies normally filed with Commission staff. For all hand deliveries pertaining to the Protective Orders, please call Vanessa Lemmé (202-418-2611) to schedule receipt of hand delivery or, in her absence, Marcia Glauberman (202-418-7046). For any responses that do not contain confidential or proprietary information, please file in accordance with the instructions set forth in the March 18, 2010 Public Notice.

If you have any questions regarding this matter, please contact Ms. Lemmé or Ms. Glauberman at the numbers listed above.

Sincerely,

William T. Lake
