CORRECTION

Public Notice, (Report No. 325-00156) 325-STA-2010091300005, dated September 22, 2010, is corrected to read as follows:

Granted with conditions on September 22, 2010, the Uniradio Corp ("Uniradio") application for Special Temporary Authority ("STA") to deliver cross-border transmissions of broadcast programs to AM station XERCN (which is in some areas referred to as XRCN) in Tijuana, Mexico. Uniradio is a San Diego, California corporation that represents Mexican radio station XERCN/XRCN in the United States.

This Grant is effective September 22, 2010 for the period during which the Commission is processing Uniradio Corp's application for regular authority or 180 days, whichever comes first.

Grant of this STA Permit is further conditioned upon the Mexican station's operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. broadcast stations.

"Grant of this STA Permit is also subject to possible enforcement action for any past unauthorized operation."

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico AM Expanded Band Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.
