NOTICE OF UNLICENSED OPERATION

Case Number: EB-10-MA-0145
Document Number: W201132600004

The Miami Office received information that an unlicensed broadcast radio station on 90.7 MHz was allegedly operating in the Miami area. On August 31, 2010, November 20, 2010, January 21, 2011, March 24, 2011, and April 14, 2011, agents from this office confirmed by direction finding techniques that radio signals on frequency 90.7 MHz were emanating from an antenna mounted on a mast at <address redacted>, Miami, Florida 33127. Information received by this office indicates you are an operator of this station. The Commission's records show that no license was issued for operation of a broadcast station on 90.7 MHz at this location in Miami, Florida.

Radio stations must be licensed by the FCC pursuant to 47 U.S.C. § 301. The only exception to this licensing requirement is for certain transmitters using or operating at a power level or mode of operation that complies with the standards established in Part 15 of the Commission's rules, 47 C.F.R. §§ 15.1 *et seq.* On August 31, 2010, November 20, 2010, January 21, 2011, and March 24, 2011, the field strengths of the signal on frequency 90.7 MHz were measured at 5,645 microvolts per meter ($\mu\text{V/m}$) at 1065 meters, 2,065 $\mu\text{V/m}$ at 1,003 meters, 2,697 $\mu\text{V/m}$ at 1,348 meters and 2,462 $\mu\text{V/m}$ at 1,348 meters, respectively, which exceeded the maximum permitted level of 250 $\mu\text{V/m}$ at 3 meters for non-licensed devices. Thus, the station was operating in violation of 47 U.S.C. § 301.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization constitutes a violation of the Federal laws cited above and could subject the operator to severe penalties, including, but not limited to, substantial monetary fines, *in rem* arrest action against the offending radio equipment, and criminal sanctions including imprisonment. (*see* 47 U.S.C. §§ 301, 401, 501, 503 and 510). Be advised that this warning does not preclude this office from pursuing additional sanctions based upon our investigation of this incident.

UNLICENSED OPERATION OF THIS RADIO STATION MUST NOT RESUME.

You have ten (10) days from the date of this notice to respond with any evidence that you have authority to operate granted by the FCC. Your response should be sent to the address in the letterhead and reference the listed case and document number. Under the Privacy Act of 1974, 5 U.S.C. § 552a(e)(3), we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with FCC Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.
