NOTICE OF UNLICENSED OPERATION

Case Number: EB-11-PA-0092
Document Number: W201132400010

On May 2, 2011, agents of the Philadelphia Office monitored transmissions on the frequencies 152.33 MHz and 157.59 MHz from an unidentified taxi service in Camden, New Jersey. The agents confirmed by direction finding techniques that radio signals on the frequency 152.33 MHz were emanating from a base station located at 5 Star Cab, 3920 Westfield Avenue, Camden, New Jersey. The agents conducted an inspection at 5 Star Cab's office and, using a frequency counter, confirmed that 5 Star Cab's mobile units were operating on the frequency 157.59 MHz. The Commission's records show that no license was issued for operation of a base station on 152.33 MHz or a mobile unit on 157.59 MHz at this location in Camden, New Jersey.
