STATEMENT OF COMMISSIONER MICHAEL J. COPPS
ON GIG-U: THE UNIVERSITY COMMUNITY
NEXT GENERATION INNOVATION PROJECT

"I applaud today's announcement of GIG-U: The University Community Next Generation Innovation Project. This concept demonstrates the power of creative thinking and the potential for meaningful public-private partnerships to address the key infrastructure challenge of our time. Broadband holds enormous potential to expand educational and research opportunities both on and off the campus. I look forward to watching the seeds of this endeavor take root."
