QUARTERLY REPORT OF INFORMAL CONSUMER INQUIRIES AND COMPLAINTS FOR SECOND QUARTER OF CALENDAR YEAR 2010 RELEASED

Washington, DC – The Commission has released its Report of the top subject areas of informal consumer inquiries and complaints received and processed by the Consumer & Governmental Affairs Bureau (CGB) during the second quarter of calendar year 2010.

2010 Second Quarter Inquiries. During the second quarter of 2010, the overall number of inquiries for the top four reported inquiry categories decreased by more than 5% from the number received and processed by CGB during the previous quarter, from 26,240 during the first quarter of 2010, to 24,871. The number of Cable and Satellite Services inquiries decreased by nearly 18%, from 3,868 to 3,184 with Billing and Rates constituting more than 50% of the inquiries in this category. The number of Radio and Television Broadcasting inquiries decreased by nearly 5%, from 5,135 to 4,883. The bulk of these inquiries, more than 44%, pertained to broadcast programming issues. Wireless Telecommunications inquiries decreased by more than 11%, from 5,130 to 4,527. Wireline Telecommunications inquiries increased by more than 1%, from 12,107 to 12,277, with Telephone Consumer Protection Act (TCPA) matters constituting more than 59% of the second quarter inquiries in this category.

2010 Second Quarter Complaints. During the second quarter of 2010, the overall number of complaints in the top four reported categories decreased by more than 61% from those received and processed during the first quarter of 2010, from 177,589 to 69,064. Cable & Satellite Services complaints decreased by 20%, from 2,029 to 1,624. There was a notable decrease in the Radio and Television Broadcasting category, in which complaints decreased from 132,416 to 25,162, a drop of more than 80%. This decrease is attributable to a substantial volume of indecency complaints received during the first quarter that were a product of campaigns against two programs. Wireless Telecommunications complaints decreased by nearly 2%, from 16,753 to 16,441, with TCPA issues comprising nearly 71% of the second quarter complaints in this category. Wireline Telecommunications complaints decreased by nearly 2%, from 26,391 to 25,837, with Telephone Consumer Protection Act- Other Issues, Do Not Call List and Unsolicited Faxes constituting the top categories of Wireline complaints which, when combined, constituted over 84% of the Wireline complaints in the reported subcategories during the second quarter.

The Commission receives many inquiries and complaints that do not involve violations of the Communications Act, or a rule, policy or order of the Commission. The existence of a complaint does not necessarily establish wrongdoing by the named company. The second quarter Report, as well as previous reports on informal consumer inquiries and complaints, can be viewed at: <http://www.fcc.gov/cgb/quarter/welcome.html>.
