Report No. SES-01388

Wednesday October 12, 2011

Satellite Communications Services

re: Satellite Radio Applications Accepted For Filing

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

SES-ASG-20110923-01132 E E110141 STM Networks Inc
Application for Consent to Assignment
Current Licensee: STM Networks Inc
FROM: STM NETWORKS INC.
TO: NSSL GLOBAL LLC

No. of Station(s) listed: 1

The Commission will split the license for E070026, pursuant to the information in this assignment request, such that STM's Irvine facilities will remain on license E070026 (Irvine License) and the Jacksonville facilities will be listed on a separate license with a new call sign E110141 (Jacksonville License). None of the technical parameters by which these two facilities are currently licensed and authorized will be modified as part of this process. STM request that the Commission then assign the Jacksonville License from STM to NSSL Global LLC (NSSL). At the conclusion of this process, STM will continue to hold the license for E070026, which will authorize STM's existing Irving operations, and NSSL will hold E110141, the Jacksonville License. The Jacksonville facilities will no longer be listed on call sign E070026.

SES-LIC-20111007-01178 E E110138 Talking Rock Communications, Inc. **EZ**
Application for Authority
Class of Station: Temporary Fixed Earth Station
Nature of Service: Fixed Satellite Service

SITE ID: 2.4
LOCATION:
