NOTICE OF VIOLATION

Released: November 30, 2011

By the District Director, Denver Office, Western Region, Enforcement Bureau:

1. This is a Notice of Violation ("Notice") issued pursuant to Section 1.89 of the Commission's Rules,¹ to CBS Television Stations, Inc. ("CBS"), licensee of broadcast auxiliary remote pickup radio station KPF881 in Denver, Colorado.

2. On April 8, 2011, in response to a complaint of radio frequency interference ("RFI"), an agent of the Enforcement Bureau's Denver Office investigated the remote pickup repeater located on the Lookout Mountain communications site in Golden, Colorado and observed the following violation:

- a. 47 C.F.R. § Section 1.903(a): "Stations in the Wireless Radio Services must be used and operated only in accordance with the rules applicable to their particular service as set forth in this title and with a valid authorization granted by the Commission under the provisions of this part." At the time of the investigation, the FCC agent used direction finding equipment to locate the source of the suspected RFI to the digital signal emanating from the remote pickup repeater, KPF881, owned and operated by CBS atop Lookout Mountain. According to the license for KPF881, CBS is authorized to operate with analog emissions under the designator of 25K0F3E. The agent found KPF881 transmitting an unauthorized digital emission.

3. Pursuant to Section 308(b) of the Communications Act of 1934, as amended,² and Section 1.89 of the Commission's Rules, CBS must submit a written statement concerning this matter within 20 days of release of this Notice. The response must fully explain each violation, must contain a statement of the specific action(s) taken to correct each violation and preclude recurrence, and should include a time line for completion of pending corrective action(s). The response must be complete in itself and signed by a principal or officer of the CBS. All replies and documentation sent in response to

¹ 47 C.F.R. § 1.89.
