<u>ITEM NOS.</u>	<u>BUREAU</u>	<u>SUBJECT</u>
1	CONSUMER & GOVERNMENTAL AFFAIRS	TITLE: Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991 (CG Docket No. 02-278) SUMMARY: The Commission will consider a Report and Order that protects consumers from unwanted autodialed or prerecorded calls (“robocalls”) by adopting rules that ensure consumers have given prior express consent before receiving robocalls, can easily opt out of further robocalls, and will experience “abandoned” telemarketing calls only in strictly limited instances.
2	WIRELESS TELE- COMMUNICATIONS	TITLE: Amendment of Parts 1 and 22 of the Commission’s Rules With Regard to the Cellular Service, Including Changes in Licensing of Unserved Area (RM 11510); Amendment of the Commission’s Rules With Regard to Relocation of Part 24 to Part 27 and Interim Restrictions and Procedures for Cellular Service Applications

*The summaries listed in this notice are intended for the use of the public attending open Commission meetings. Information not summarized may also be considered at such meetings. Consequently these summaries should not be interpreted to limit the Commission's authority to consider any relevant information.

SUMMARY: The Commission will consider, as part of its ongoing efforts to remove outdated regulations and reduce unnecessary regulatory burdens, a Notice of Proposed Rulemaking and Order proposing a staged approach to revising the licensing model for the Cellular Service from site-based to geographically-based licensing. The proposal will offer greater flexibility and reduce regulatory requirements, while enabling greater rural deployment of wireless service. The item also includes several other proposals to update the Cellular Service rules, as well as interim procedures for Cellular Service applications.
