April 3, 2012

Anker Management Corp.  
Hartsdale, New York

**NOTICE OF UNLICENSED OPERATION**

Case Number: EB-FIELDNER-12-00001300  
Document Number: W201232380020

The New York Office received a complaint from the Federal Aviation Administration (FAA) concerning interference to FAA frequencies from an unlicensed broadcast station operating on 91.3 MHz in Bronx, New York. These frequencies are used by airplane pilots to communicate with airports in the New York City Metropolitan Area. On March 5, 2012, agents from this office confirmed by direction finding techniques that radio signals on 91.3 MHz were emanating from the property located at 3511 Barnes Avenue, Bronx, New York 10467. According to New York City Property Tax Records, this property is owned by Anker Management, Corp. The Commission's records show that no license was issued for operation of a broadcast station on 91.3 MHz at this location in Bronx, New York.

Radio stations must be licensed by the FCC pursuant to 47 U.S.C. § 301. The only exception to this licensing requirement is for certain transmitters using or operating at a power level or mode of operation that complies with the standards established in Part 15 of the Commission's rules, 47 C.F.R. §§ 15.1 *et seq.* The field strength of the signal on frequency 91.3 MHz was measured at 1,391 microvolts per meter ( $\mu\text{V}/\text{m}$ ) at 733 meters, which exceeded the maximum permitted level of 250  $\mu\text{V}/\text{m}$  at 3 meters for non-licensed devices. Thus, this station is operating in violation of 47 U.S.C. § 301.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization or providing services and facilities incidental to the operation of an unlicensed radio transmitter constitutes a violation of the Federal laws cited above and could subject the operator to severe penalties, including, but not limited to, substantial monetary fines, *in rem* arrest action against the offending radio equipment, and criminal sanctions including imprisonment. (*see* 47 U.S.C. §§ 401, 501, 503 and 510).

**UNLICENSED OPERATION OF THIS RADIO STATION MUST BE DISCONTINUED IMMEDIATELY.**

You have ten (10) days from the date of this notice to respond with any evidence that you have authority to operate granted by the FCC or to provide information on the operator. Your response should be sent to the address in the letterhead and reference the listed case and document number. Under the Privacy Act of 1974, 5 U.S.C. § 552a(e)(3), we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with FCC Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.

Luis Roman  
Acting District Director  
New York Office
