**STATEMENT OF FCC COMMISSIONER AJIT PAI ON THE FCC
CONSOLIDATED REPORTING ACT OF 2012**

I commend the U.S. House of Representatives for passing the Federal Communications Commission Consolidated Reporting Act of 2012. This legislation would modernize the Commission's reporting obligations to reflect the convergence that has taken place in the communications marketplace and at the same time ensure that policymakers receive information critical to making data-driven decisions. The Commission must meet its legal mandate to produce reports for Congress in a timely manner, and this bill would assist us in that task.
