Dear Congressman Grijalva:

Thank you for your letter urging the Commission to conduct its proceeding to implement the incentive auction of broadcast television spectrum in an open and transparent manner. Your concerns about the future of over-the-air broadcast television are very important, and your correspondence will be included in the record of the proceeding.

The Commission's work in the incentive auction proceeding is guided by a set of core goals and principles that are intended to maximize broadcaster participation by, among other things, making the auction process as transparent and easy-to-understand as possible. To advance this goal, the Commission established a program which is designed specifically to educate and solicit substantive input from broadcasters on all aspects of the incentive auction.

The Commission appreciates your interest in this matter, and please do not hesitate to contact me if I can be of further assistance.

Sincerely,

A handwritten signature in black ink that reads "Michael S. Perko".
