ERRATUM

Released: November 15, 2013

By the Chief, Media Bureau:

On October 31, 2013, the Federal Communications Commission released a Report and Order and Further Notice of Proposed Rulemaking (“R&O and FNPRM”), FCC 13-138, in the above-captioned proceedings. This Erratum amends the R&O and FNPRM as indicated below:

1. In footnote 179, in the last sentence, replace the comma with a semicolon and add “they argue” before the phrase “the responsibility for ensuring such accessibility is on the navigation device provider.”

2. In paragraph 163, delete “79.109(c).”

3. In Appendix B, on page 104, “Note to paragraph (b)” is corrected to read as “Note 1 to paragraph (b)” and a second note is added to read as follows:

“Note 2 to paragraph (b): This paragraph places no restrictions on the importing, shipping, or sale of navigation devices manufactured before the applicable compliance deadline for this section.”

4. In Appendix C, on page 119, change “Section 205” to “Section 204” in the first sentence of the first bullet in paragraph 24.
