541 Sedgwick Ridge Road

Winterport Remote Terminal
RT 7 P116S
Ellingwood Corner Road

Planned Implementation or Retirement Date: December 31, 2013

Description of Foreseeable Impact: These network changes will create the potential for spectral interference on the CO-based ADSL and/or a Digital Design Loop (DDL) loops that share the same binder groups as the RT ADSL within the copper distribution feeder cable past the Feeder Distribution Interface (FDI).

Description of Change: Fairpoint Communications NNE will install Digital Subscriber Line Access Multiplexer ('DSLAM') or Packet at Remote Terminal (PART) equipment in the above referenced Remote Terminal in order to provide XDSL services.

Attachment: Certificate of Service
