AT&T's Trial Proposal: Carbon Hill

Today

■ Wired

Post-Transition

■ Wired
■ Wireless
■ TBD

Points to be Developed for Retail Trial

- Wireless Home Phone
 - Analog data features
 - ALI for E911
 - TTY accessibility & compatibility
 - Price and data allowances
- Wireless Business product
- GETS capability for interconnected VoIP; WPS
- Replacements for 4% of Carbon Hill living units

Possible AT&T Wholesale Trial

- State of the record
 - During initial phases, AT&T commits to maintain wholesale access.
 - AT&T intends to seek permission in future for wholesale trial
 - Focal point for many commenters

“We further expect that any proposal of an ongoing [wholesale] experiment would . . . offer to replace wholesale inputs with services that offer substantially similar wholesale access to the applicant’s network.”

- *Tech Transitions Order* at ¶ 59

Status of Proposal: “Phase 0”

0

- Started on Feb. 27, 2014; Initial outreach, planning
- No impact on customers’ options

1

- Grandfathering of existing retail accounts
- Preceded by Section 214(a) applications and public process

2

- Sunsetting of existing retail accounts
- Preceded by Section 214(a) applications and public process
