

OFFICE OF
THE CHAIRMAN

FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON

August 11, 2014

The Honorable Brad Sherman
U.S. House of Representatives
2242 Rayburn House Office Building
Washington, D.C. 20515

Dear Congressman Sherman:

Thank you again for apprising me of your strong desire for a swift resolution to the ongoing dispute between Time Warner Cable (TWC) and other multi-channel video program distributors (MVPDs) to ensure your consumers in the Los Angeles area can view and enjoy LA Dodgers games.

As you mention in your letter, the Commission has requested information from TWC and expects to receive that in the near term. Once received, Commission staff will carefully review the response and determine whether – and what – further action is warranted. As we discussed last week, it is my sincere desire that the parties will take the Commission's interest in the matter as an impetus to work out their differences on their own to the benefit of consumers.

It was a pleasure to speak with you regarding this matter, and we will keep your office informed if any additional Commission action occurs.

Sincerely,

A handwritten signature in black ink, which appears to read "Tom Wheeler", is placed below the word "Sincerely,".

Tom Wheeler
