**Report No. SAT-01194**

**Friday October 21, 2016**

## Policy Branch Information

### Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

### INFORMATIVE

**SAT-MOD-20161014-00098**    S2347    SES Americom, Inc.

SES Americom has notified its intent to engage in fleet management operations to relocate AMC-6 from the 72° W.L. orbital location to 67° W.L., where it will operate within the technical parameters currently licensed and coordinated for AMC-3 and AMC-4 at that location and in compliance with all of the conditions currently imposed on the operation of AMC-4. SES filed its notification pursuant to Section 25.118(e) of the Commission's rules and included the certifications set forth under that section. The notification was filed on October 14, 2016. Accordingly, SES Americom may commence relocation of AMC-6 no earlier than November 14, 2016, without further authorization by the Commission.
