

**PUBLIC NOTICE of COPPER RETIREMENT UNDER RULE 51.332**

**Gatlinburg Tennessee/ Chimney Top No. 2 Fire State of Emergency**

Gatlinburg Tennessee suffered severe damage as a result of the Chimney Tops No. 2 fire that began on November 28, 2016. BellSouth Telecommunications LLC d/b/a AT&T Tennessee filed its Disaster Relief Plan with the State of Tennessee on December 1, 2016 for Sevier County.<sup>1</sup> On December 2, 2016, AT&T Tennessee notified the Tennessee Regulatory Authority that it declared a force majeure event as a result of the fires. President Obama declared Sevier County a federal disaster area on Dec. 15, 2016. AT&T Tennessee has a total of 11 Distribution Areas in the Gatlinburg, TN wire center (GTBGTNMT) that were impacted by the Chimney Tops No. 2 and AT&T Tennessee suffered severe damage to its copper facilities to the addresses listed in Attachment A. AT&T Tennessee began immediate restoration of its facilities after the fire. AT&T Tennessee replaced and repaired the damaged copper that was serving buildings which were habitable with a like-for-like copper solution. The copper and related equipment that had served the buildings that were destroyed also were destroyed and rendered unusable by the fire.

**Network Disclosure Number:** ATT20170201C.1

**Issue Date:** 02/01/2017

**Carrier:** BellSouth Telecommunications LLC d/b/a AT&T Tennessee

**Public Notice Available on the internet at:** <https://ebiznet.att.com/networkreg/>

**Implementation Date:** On or after 3<sup>rd</sup> Quarter, 2017

---

<sup>1</sup> In the event of disasters that prompt the triggering of a disaster recovery plan, the Commission granted AT&T Tennessee a limited waiver (of up to 180 days) of the advanced notification and waiting period requirements contained in its network disclosure rules (47 C.F.R. §§ 51.325-335) so as to allow AT&T Tennessee to concentrate on restoration efforts. See *Petition of BellSouth Corporation for Special Temporary Authority and Waiver to Support Disaster Planning and Response, Order*, 21 FCC Rcd 6518 (2006). This waiver became operative when AT&T Tennessee filed its Disaster Relief Plan on December 1, 2016.

### **Description of Planned Network Changes:**

AT&T Tennessee is planning to replace the copper facilities that were destroyed by the Chimney Tops wild fire with a Gigabit Passive Optical Network (GPON)/Fiber To The Premises (FTTP) architectural platform in the Gatlinburg, TN (GTBGTNMT) at the addresses listed in Attachment A. This action will require the retirement of non-working copper service wires (drops) and copper Network Terminating Wire (NTW) which are sub-loops per the FCC rule CFR §51.319(b). AT&T Tennessee intends to re-establish service to those buildings rendered uninhabitable or destroyed utilizing the GPON/FTTP platform when the buildings are re-built.

### **Description of Reasonably Foreseeable Impact of the Planned Changes:**

The copper facilities that are being retired pursuant to this notice have been completely destroyed by the fire and are no longer serving any customers, wholesale or retail. The copper facilities that were in place to serve customers (wholesale or retail) that were destroyed in the fire will not be replaced nor will the copper network be expanded to serve new customers or provide additional services to existing customers. Those services that are currently working over copper will remain in place and those customers will have the option to migrate to the new GPON/FTTP facilities once they are operational. The addresses listed in Attachment A are impacted by this retirement.

### **Description of Changes to Rates, Terms and Conditions:**

The copper facilities that are being retired pursuant to this notice have been completely destroyed by the fire and are no longer serving any customers, wholesale or retail. Once restoration is underway, AT&T will assess the service demand of the community to determine what services will be offered over the GPON/FTTP platform.<sup>2</sup>

### **Attachment A**

List of affected premises: (Extract date 01/26/2017). This list may contain addresses associated with buildings that survived the fire and where service was restored using a like-for-like copper solution. Services that are currently working on copper facilities at these addresses will be left in place at this time.
