

**STATEMENT OF
COMMISSIONER MIGNON L. CLYBURN**

Re: *Section 43.62 Reporting Requirements for U.S. Providers of International Services*, IB Docket No. 17-55; *2016 Biennial Review of Telecommunications Regulations*, IB Docket No. 16-131.

As regulators, I believe it is important to regularly assess whether our current reporting requirements are still in the public interest. This is why I support this *Notice of Proposed Rulemaking*, which seeks comment on whether the annual Traffic and Revenue Report and the Circuit Capacity Report, continue to be necessary in their current form. I look forward to reviewing the record that develops and thank the International Bureau staff for your hard work on this item.
