FCC SEEKS EXHIBITORS FOR THE 2017 ACCESSIBILITY INNOVATIONS EXPO

The Federal Communications Commission's Consumer and Governmental Affairs Bureau and Connect2Health^{FCC} Task Force seek exhibitors for the Accessibility Innovations Expo to be held on Monday, October 23, 2017, from 10 a.m.-12 p.m., at the Pepco Edison Place Gallery at 702 8th St, N.W., Washington, D.C.

The Accessibility Innovations Expo will feature outstanding technologies – created in the private and public sectors by innovators, entrepreneurs, technology companies, organizations, and academics – that advance accessibility for people with disabilities. The Expo, which will be open to the public, will provide a platform for showcasing innovative technologies that impact the daily lives of consumers with disabilities and focus on next-generation innovations and breakthroughs for users of all abilities. In the health arena, the event will demonstrate cutting-edge broadband-enabled solutions that advance the ability of persons with disabilities to fully benefit from the connected health revolution.

If you are interested in exhibiting in the Accessibility Innovations Expo, please submit a request to Deandra Wilson at Deandra.Wilson@fcc.gov or 202-418-0703. In your request, include a brief description and/or video of the innovation, its affordability and its intended users/target market. It is free to exhibit. The event will be free to the public. More information about the event will be at www.fcc.gov/news-events/events/2017/10/fcc-accessibility-innovations-expo as it becomes available.
